

February Masterclass – don't miss out on new e-Prescribing resources

Date & time: 6 February 1pm – 2pm

Join this one-hour Masterclass to hear two new perspectives on e-prescribing:

- Simon Guilfoyle & Jonathan Hindmarsh from City Hospitals, Sunderland will share their insights on using ePrescribing to Support Palliative Care; and
- Denis Duignan, Head of Technology at the Health Innovation Network, will share a new toolkit based on Imperial's experience of implementing e-prescribing, exploring how they overcame challenges during implementation.

You can register for this masterclass here:

<https://attendee.gotowebinar.com/register/32596518050206465>

After registering, you will receive a confirmation email containing information about joining the webinar (you can also add it directly to your calendar from here)

Please see the full agenda below:

ePrescribing Masterclass Webex

6th February, 1-2pm

Aim: To provide short presentations highlighting key points identified by the NHS as being key learning topics.
